

**devolo** Home Control

# Door/Window Contact

Your personal bouncer.

The **devolo Door/Window Contact** discreetly monitors all entrances and exits of your smart home. It reliably detects open doors, windows or drawers and sounds the alarm if something isn't as it should be.

# devolo Home Control

## Door/Window Contact

### Product features:

- Detects open doors, windows or drawers without fail and sends text or e-mail notifications.
- Versatile installation via adhesive film or screws (included in box contents).
- Continuous brightness and temperature measurement, e.g. as feedback to the light and radiator control.
- Intuitive operation via an app for smartphone, tablet and computer.
- Unobtrusive design for inconspicuous placement.
- Individually expandable at any time with other devolo Home Control components.
- Future-proofed thanks to innovative Z-Wave® wireless technology.
- 3-year manufacturer's warranty.

### Application example:

if

the Door/Window Contact reports an open door

then

the Smart Metering Plug switches the light on.

Door/Window Contact UK  
Art. no.: 09501
